

# Arlo Go Mobile HD Security Camera

## No WiFi. No Worries.

The Arlo Go Mobile Security Camera is ideal for security monitoring when travelling or in areas with limited or no WiFi access. Arlo Go works anywhere in AT&T's nationwide coverage and supports 3G and 4G-LTE wireless connections. This allows you to keep an eye on trails, RVs, or your cabin from anywhere, even far away from the nearest power outlet or WiFi connection. Get instant alerts if motion or sound is detected using the free Arlo app and watch live or recorded videos from your computer, smartphone, tablet or your TV. View, download and share recordings with rolling 7 days of FREE cloud storage. Additionally, the micro SD card port provides local video recording in case of Internet interruptions.

## Features

**100% Wire-Free**  
Free of power cords and wiring hassles

**Weatherproof**  
Put Arlo anywhere—indoors or out

**2-Way Audio**  
Listen in or talk back and forth

**FREE Cloud Recording**  
Rolling 7 days of FREE cloud recordings + upgrade options

**Night Vision**  
See what's happening even in the dark

**Mobile Connectivity**  
Works anywhere on AT&T's nationwide high speed network

**SD Card Slot**  
For local recording & backup in case of Internet interruptions

**Mobile Alerts**  
Instant alerts when motion or sound is detected

**Live Streaming**  
Watch live streamed or recorded videos using free Arlo app

**HD Quality**  
Enjoy incredibly sharp, detailed video

# Arlo Go Mobile HD Security Camera

## Ideal Uses

### Hotels, vacation homes, campers, RVs, or trailers

Keep an eye on what matters most when you're not around, even when you're on the road.

### Trails and wildlife

Monitor wildlife migration patterns and movement on game trails.

### Workplace security

Keep an eye on employees or monitor your equipment even without WiFi coverage onsite.

### Airbnb and vacation rental monitoring

Monitor your vacation home or rental property.

### Boats, docks and marinas

Monitor the area in and around your boat and get email alerts or notifications when motion or sound is detected.

### Birdwatching and wildlife

You don't have to be in the forest to enjoy watching wildlife. You can see the outdoors from the comfort of your home.

### Law enforcement, military, or airline hangar security

Remotely monitor known criminal activity and high crime rate zones.

### Warehouses and parking lots

Monitor warehouses and deter unauthorized access around your business.

### Farms, ranch, or stables

Keep an eye on your farm or monitor for intruders even at night.
